March 20, 2020

Dear Parents,

Congratulations! We are almost done with Week 1 of online learning. Please note the following to help you and your child succeed in this new adventure.

1. ALWAYS ask and reach out for help if you have a question. We have so many wonderful resources in this great learning community. We will do our best to help you navigate unfamiliar territory.
2. Take time for a break or two each day. Everyone is so eager to complete assignments however, your emotional well-being is critical to success.
3. Follow a schedule each day. Students respond well to routines and procedures. If you can, follow the learning schedule from your child's teachers in addition to their lunch schedule at school.
4. Tune in to my daily announcements each morning. They are shared with all students and teachers in Google Classroom. Please ask your child to accept my invite in Google Classroom if they have not done so already. If you are having difficulty, please let me know.
5. DO YOUR BEST! Please don't be so hard on yourself. We appreciate everything you are doing to help our students succeed through virtual learning. WE are in this TOGETHER!
6. PLEASE remind your child to take good care of their Chromebook each and every day. There should be NO eating or drinking when working on this device. Also, if possible, students should be working at a desk or table to secure the safety of their Chromebook. We have a limited capacity to repair Chromebooks if they get damaged.

Our goal continues to be to create a virtual learning environment that engages students, gives them ownership over their learning, and continues to motivate them as they explore content and experience success. Please remember to contact us with specific needs and keep in touch with our teachers.

In closing, thank you for your continued assistance and dedication to learning. Although this is unfamiliar territory to all of us, we are so grateful for your support. Take care of yourself and your families and enjoy the weekend.

Sincerely,

Patricia A. Bell
